

2011 Elimu Africa Annual Fund Raising Campaign

Dear Friends of Elimu Africa

Did you know that in Tanzania school is not free and many children are deprived of education? Many families live on \$1- 2 a day and can hardly afford essentials like food, health care and a decent place to live, much less the additional cost of education.

Elimu Africa is a non-profit organization whose aim is to support and uplift the poorest of the poor through education. We support disadvantaged students in Tanzania by providing grants to existing educational organizations.

Our members personally visit the grantees to ensure that the organizations put your generous gifts to good use. The joy on the faces of these students and their letters of gratitude tell the story of the vital work we do.

Through your generosity, we are able to continue improving lives through education.

In 2010, 98% of your donations went directly to our projects and ultimately toward educating children and young women. Education is imperative in overcoming the factors that hinder success and personal development.

Will you consider helping to educate our students through a tax deductible donation to Elimu Africa?

To learn where your funds go, read our brochure or go to our website.

We are grateful for the kindness and generosity of friends, strangers, and those around the globe who have supported and continue to support Elimu Africa. Through our work we are realizing that even with geographical differences, we are all just humans with the same basic needs – love, good health, shelter, and food, which much of the world lives without.

Without an education, young Tanzanians face a difficult life. Elimu is helping to brighten both smiles and futures. With your help we can make education more accessible for students in Tanzania and help unlock the door to a brighter future.

"Asante kwa upendo wako - Thanks for your love!"
